

Introduction	I am a technology enthusiast looking for a career in digital news where I can leverage my technical experience, exposure to programming, and love of digital journalism!
Skills	<p><i>Languages:</i> Ruby, HTML & CSS, Javascript/Jquery (learning)</p> <p><i>CMSs:</i> Moveable Type, OmniUpdate, CHSSWeb (proprietary CMS), WordPress</p> <p><i>Versioning:</i> GitHub, Git</p> <p><i>Technologies:</i> Rails, Sinatra, Rspec, Minitest, SQLite, PostgreSQL</p> <p><i>Tools:</i> Trello, WaffleIO, Photoshop, Illustrator, TDD, BDD, Pair Programming</p>
Education	<p>Turing School of Software and Design Denver, CO <i>Web Application Development with Ruby, Rails and JavaScript, Modules 1 & 2, 2015</i> Focus on standard web development methodologies building web applications from scratch, including project conceptualization, mapping business and functional requirements, back-end database architecture, and front-end user-experience with HTML/CSS and JavaScript.</p> <p>George Washington University, Elliott School of International Affairs DC <i>BA, Asian Studies, Chinese Languages and Literature Minor, 2005</i> <i>Graduate coursework, Political Science & Asian Studies, 2007</i></p>
Projects	<p>The Dirty Cookie Ruby on Rails group project showcasing an online commerce platform for a local cookie delivery service. The app facilitates online ordering and allows restaurant administrators to process and complete orders. Features: authentication, authorization, session-based shopping cart, and checkout. My main focus on this project was implementing the shopping cart, testing with Rspec, Capybara, and FactoryGirl, and taking a crack at the front-end with Bootstrap and JQuery. Contact me for login credentials to access the admin dashboard.</p> <p>Idea Box App First Ruby on Rails app built from scratch that allows an authenticated user to input ideas into an online platform, upload images, and categorize ideas. The project helped me learn the principles of version control, how to use Git, how to push to GitHub, the MVC design pattern, CRUD actions, RESTful routing, HTTP protocols, forms and route helpers, database modeling and relationships, flash messages, and test-driven development. To access the app, login with credentials: 'Sunshine'/'unicorn5'.</p>
Employment	<p>Web Production Intern, Washingtonian Magazine DC, 2015 Create data visualizations and interactive features for online consumption; test our new mobile-friendly and user-centric website; produce articles and edit visual assets for best online viewing experience; create content for online readers; promote online content through daily E-newsletters.</p> <p>Office Manager, University of Denver, Writing Program Denver CO, 2014 Managed and updated all aspects of department website including the look-and-feel with HTML/CSS and digital assets using OmniUpdate; coordinated conferences and events; managed payroll and overall department budget; fielded student and faculty inquiries.</p> <p>Administrative Assistant, GMU, Office of the Provost Fairfax VA, 2012 Provided a broad range of office-wide administrative assistance including scheduling meetings, human resources and financial operations support, arranging travel, tracking and routing mail, preparing documents for internal distribution, and managing special projects.</p>
Volunteer	<p>Ruby for Good, Co-Organizer DC, 2015 Assist in coordinating annual programmer conference, Ruby for Good, where developers get together for a summer weekend and code projects that help solve business needs for non-profits in our communities. This has entailed seeking out non-profits and sussing out needs that programmers can help solve/automate; collecting functional requirements for possible</p>

projects; plot out goals, milestones, hours to completion, and number of people needed for each team; responding to emails, dispersing scholarship funds, and soliciting donations from the community. I also developed the Ruby for Good [logo](#)!

Factoids

- * Avid coffee roaster, aspiring zymurgist, ardent horticulturist
- * Soon-to-be hobbyist shitake mushroom farmer
- * Chinese, intermediate listening/speaking, beginning reading/writing
- * Baker of beautiful things - see pictures on my [blog](#)!
